

What is Love?

by

Love is a little hand wrapped around my finger.

Love is a smile that lights up my soul.

Love is excitement of a first butterfly.

Love is catching lizards on a hot day with squeals of joy as they run away.

Love is a many peddy and a movie.

Love is a first make-up kit looking so beautiful.

Love is a jet ski with squeals of faster.

Love is a cap thrown high in the air.

Love is screams of frustration 'cause of her hair.

Love is a tear dried with a finger.

Love is the truth of a shrine in your honor.

Love is my daughter in all of her years.
