FOREVER WITH YOU

Memories!
The yellow brick road to my happiness.
With each journey I find you.
Wearing happy smiles.
The days_
The moments all come with sunshine.
Never is there a storm.
It's like being forever blessed.
Truly a lucky fellow.
The dawn finds me lying side by side.
With a real Cinderella.
You!
The rainbow that colors my blue sky.
The stars that beautify my nights.
In every love song my heart sings.
You're the rhythm.
Assuring the chill of sadness cannot embrace me.
The reasons_
In my life all four seasons.
Are summertime?
Happy I am...
Like the Grasshopper without care.
Hard at work.
Similar to that of the mighty little ant.
Memories_
Will always remain in my heart.
They're the candlelight.
That fails not to erase my dark.
No matter the time—the place.
Wherever I'm at_
They ease the pains of my regrets.
Stemming from the loss of you.
Memories are the wings of my heaven.
That help me mend a broken heart.
No matter what the world comes to.
No matter what others may do.
Because of memories_
In love I am.
Forever with you!
