## WASTED YOUTH

I'm lost and found wanted or not, daddy despicable husband I don't want. Friend, fiend, foe, boring. Me, you, it, us, stop, come. Live, die. Round world, flat be. Hated, beloved, son of a whore. Death calls hell in store.

Lost, understood, friction, pain, never tomorrow. Today, lost, found, troubled to. Demon, Angel, innocent, guilty. Vibrant green, death inside. Moments lost, years cries. Forgiveness forgotten, laid to rest. Seven is now, forever is best. Screams of agony. Insanity is conformity. Misfortune of fame. Famously notorious. Delirious, delusional, dead, deserved. Wasted youth!
