Success

Success is hard work.
It's not a dream, but a reality.
So it will never be made up.
Focused, determined, coming from the ground up.
Best believe I won't be labeled no dump truck.
Full of B.S. with my head up my butt.
Instead, recognized as being true, loved, and respected.
Had a plan, executed it, coming from the ghetto streets.
Now I'm living in executive suites.
Took the time, completed the tasks,
Of where I wanted to be.
Now I'm living life, seeing the things,
That I always wanted to see.
Success is hard work...
